

Líthos

For Ensemble Garage

Meike Senker

2024

for Soprano Saxophone, Viola, Trombone and Bass Clarinet

Lithos (2024)

Meike Senker
For Ensemble Garage

Lithos revolves around the theme of memory, remembrance, and transience. The Greek title "Lithos", meaning "stone", refers to the Seikilos Epitaph, one of the oldest surviving notated melodies from antiquity, engraved into a gravestone. A faint reference to the melody from the Stele subtly emerges throughout the piece, before ultimately transforming into the final notes, which merge into the singing of the violist.

The text of the epitaph reads in translation:

"I am an image
in stone; Seikilos placed
me here,
in eternal remembrance,
as a timeless symbol.
As long as you live, shine.
Grieve not
too much. A brief span
remains to life.
The end comes
when time demands it."

Playing techniques

Soprano Saxophone, Trombone and Bass Clarinet:

"(In the example, 4/4 glissando major second downwards and back, 2/4 major second upwards and back, 3/4 without singing)"

Here the plunger mute (trombone) here is more of a suggestion – the mute serves only to emphasize the interference between the voice and trombone, other mutes with the same or stronger effect are welcome.

Soprano Saxophone and Bass Clarinet:

Source soprano saxophone: *The Techniques of Saxophone Playing* (Marcus Weiss/Giorgio Netti)

https://www.baerenreiter.com/materialien/weiss_netti/saxophon/mehrklang-auswahl.htm

(Numbers 15, 19, 21, 63)

(Soprano saxophone and bass clarinet are transposed and notated in Bb.)

Bass Clarinet:

= Underblown multiphonic, always approximately a tenth below the given pitch. The exact pitch of the lower voice is not important and only needs to be roughly achieved.

Viola:

= Glissando with natural overtones of the string (the pitches will therefore follow the overtones and are not linear). The depicted melodic notes should be emphasized (possibly holding them a little longer).

= With the left hand, the strings are only partially pressed/damped, so that only an imprecise pitch mixed with noise/air sounds is heard. The upper staff indicates the position of the left hand: the lowest staff line represents the lowest possible point on the fingerboard, and the top line indicates the highest point towards the bridge where the string can still be pressed. The lower staff indicates the string to be bowed. The lowest staff line represents the lowest string, and the top line represents the highest string.

From measure 114, a melody is notated that should be softly hummed while playing. If the melody is too quiet in relation to the instruments when hummed with a closed mouth, it can be sung on "N." Depending on the vocal range, the melody can be sung in different octaves either fully or in parts.

Multiphonics

Soprano Saxophone:

S/8 G

S/C - 4

S/8 B - 46

S/8 B - 46

S/Bb - 14

Bass Clarinet:
